LIGHTS: We prefer a moving light show during the concert. No static lights please!

We can only play as in the diagram above (drums in the middle, guitar on the right and bass on the left - looking towards the audience). **We always need a soundcheck** (if not communicated differently), 30min to get in/set up and 30min after backline and sound engineer is ready to go. Please make shure we don't have to get-in very early and then wait for hours untill we can soundcheck. We travel far and don't like to leave early on tour and rush for nothing. Thanks for your understanding.

Hospitality Rider

We are 3 in the band and normally 1 driver/merch/manager
if not communicated otherwise

- **Parking:** we need a free of charge and safe parking space from arrival till departure (next day)
- **Accommodation:** we need a hotel (or equal) for 3 or 4 people: if not communicated otherwise we either need single rooms (for 3) OR 2 single and 1x twin (pls check -> separated beds!) some have bad sleep/some snore and touring is intense, thanks for your understanding. The sleeping arrangement is important to us, if for any reason this should not be possible get back to us.
- close to the venue. Note: Check out not before 12h in case we play very late! Otherwise not before 11h. Thanks for checking with hotel
- **Food & Drink:**
 - small catering upon arrival
 - a warm meal for 4 persons (we like it healthy ;-), of which 1 vegetarian/pescarian
 - non-alcoholic drinks and free beers from get-in till end of event (or at least 5 drink tickets/Pers). If multiple bands share a fridge, please ensure that each band has their own stock so there is no stress and enough left after our show.
- **Backstage**
 - Smoke free backstage, where we can dress, relax, store our private stuff safely, for bands only
 - Mirror, Toilet
- **Stage**
 - 3 beers, water & towels
- **Other**
 - Merchandise-table with lights and power plug
 - 4 people on guest-list

Thank you very much ♥
